<i>Interactive Media-Game Design</i>	X		
<i>Liberal Arts-Biology</i>	X	X	X
<i>Liberal Arts-Chemistry</i>	X	X	X
<i>Liberal Arts-Environmental Science</i>	X	X	X
<i>Manufacturing Technology</i>		X	

Articulation agreements with four-year institutions (private MA, private out-of-state, public out-of-state universities):

Benefits: Guaranteed admission, full associate degree credit transfer, potential application fee waiver, potential transfer scholarship eligibility.

Requirements: Graduate with specified final GPA (varies by agreement). Follow regular transfer application process described at school website under “transfer admissions.” Students must fulfill any missing general education coursework after transfer. View specific agreement details at: <https://www.qcc.edu/services/transfer/transfer-agreements>

MassTransfer agreements with state universities and UMass campuses:

Benefits: Guaranteed admission, full associate degree credit transfer, FREE MassTransfer application, potential tuition waiver, potential transfer scholarship eligibility.

Requirements: Graduate with 2.5 GPA (2.7 for Computer Science and Engineering). Follow MassTransfer application process. Students must fulfill any missing general education coursework after transfer; *MassTransfer general education “block” benefit is not available. (Exceptions: Computer Information Systems-Transfer, General Studies-Energy Utility Technology and General Studies-Public Health.)* View details at the MassTransfer website, click on “A2B Degree”: <https://www.mass.edu/masstransfer/home.asp>

Reverse Transfer

A student who transfers without finishing at QCC can still graduate with an associate degree. During or after transfer, the student gives permission for registrar’s offices at QCC and the other school to share academic information. When the student completes all missing courses at the new school, that registrar sends transcripts back to the QCC registrar to apply toward the associate degree. QCC then awards the diploma.

- Students transferring to a public university can sign up at the state Department of Higher Education website: <https://www.mass.edu/masstransfer/tools/reverse.asp>.
- Students who transfer to private institutions can work directly with QCC and four-year institution registrar offices.
