Welcome New and Current Students!

By Tyler Paul Wills

Hello everyone, my name is Tyler Wills and I would like to share with you my experience as a college student at QCC. I had many strong fears about going to college. For example, my concern was to blend in with other students by making new friends, or worst case scenario wondering if I would like my college. I soon found that Quinsigamond Community College is a great starting place for many young people. I entered QCC in the fall of 2017, and as a new student I found out that the college has a lot to offer.

For instance, Student Life offers field trips including Red Sox games, Dave & Buster’s, Six Flags and many more fun trips. We also have many different events that happen in the Student Fuller Center: Pizza with the President, different types of trivia, make your own Tie-Dye T-shirt and so much more. Best of all it’s free and it’s something fun to do. You can hang out with different people and make some new friends.

We also have different kinds of tutoring offered for many classes including Math and English. In addition, the college has a Disability Services department for students who need extra services. You will find phenomenal learning specialist and success coaches who will help you with subjects and get you organized. The Disability Services Office provides offerings to fit student accommodations including Smart Pen’s, note takers, readers for taking a quiz/test, and extra time for your exams and much more.

Interested in sports and fitness? The Athletic Center offers a variety of fitness classes including yoga, full-body toning classes as well as basketball, soccer and more. I also write for the QCC student newspaper. Each month I write a question of the month and case scenario wondering if I would succeed. Little did I imagine then that Quinsigamond Community College is a great starting place for many young people. I entered QCC in the fall of 2017, and as a new student I found out that the college has a lot to offer.

When I first started as a new student at QCC I was just like most of you; I was afraid to ask questions because I didn’t want to be made fun of because I have a disability. Then after attending college things became easier for me and some very good resources came along. Always ask the teacher questions and never be afraid to ask about your classwork.

Welcome to Quinsigamond Community College!

Go Wyvern’s & Go QCC.
I look forward to seeing everyone this fall.
Welcome new and returning students! The Open Door staff hopes that you find our paper to be an informative and entertaining window into the QCC world. We are published once a month with the help of the college’s many different departments and services. Our goal is to bring you important dates, events and articles offering a wide range of topics.

The Open Door goes beyond announcements and news. It’s a creative outlet for you, as a student, to have your work published whether it’s an editorial, poetry, reviews or art of all kinds; our policy is the same as our name. We encourage everyone to contribute in some way. The Open Door is located in the Fuller Student Center. Stop by and introduce yourself and your ideas. Or, if you prefer, send your submission via email to: opendoor@qcc.mass.edu

Welcome Students

The Open Door is the student newspaper of Quinsigamond Community College and is distributed once a month. Students are encouraged to participate in its publication through the submission of articles, article ideas and actual production work.

Mustafa Boweden has been elected Quinsigamond Community College’s new student trustee for the coming year. Mr. Boweden will serve on QCC’s 11-member Board of Trustees acting as a representative for the college’s student body. Student trustees are elected to the Board for a one-year term. As the student trustee, Mr. Boweden will also serve on the college’s Strategic Planning Committee.

“I’ve been to my first meeting of the trustees and I love it. I’m excited to be part of the team and representing our student body,” he said.

Mr. Boweden and his family moved from Libya in 2014 and in Fall 2017, began taking classes part-time at QCC. He has already become a recognizable figure to students, faculty and staff on the college campus. Prior to being elected the college’s student trustee, he was the 2018/2019 Vice President of the Student Government Association and along with his two brothers who have also attended QCC, has been active in student events. He said one of his main goals is to work on engaging more student involvement that goes beyond academics.

“If you look at our campus you can see it is very inclusive, diverse and has a fine infrastructure. The college is so successful in developing academic programs and I would like to help take that even further by enhancing the student experience and increasing extra-curricular activities,” he said. “When students have other things to do in addition to academics, they become more vested in college and that can help with retention. We already have more resources than a lot of other community colleges and I’d like to increase this.”

One item that he has been passionate about is developing a men’s soccer team. Soccer been very important to Mr. Boweden and helped him acclimate to the U.S. when he first came to this country. Currently the college has a women’s team, which began competing in fall 2016. Thanks to Mr. Boweden’s tenacity he was able to generate so much student interest that a men’s team will be starting up this fall.

In addition to the men’s soccer team, Mr. Boweden said he’s also like to see more students become involved in student government.

“I also want to help students get involved in administration on campus. This would look great on their resumes and help them when they go into the workforce,” he said. While Mr. Boweden’s term is only a year, he is confident that he can affect positive change for the student body and the college as a whole.

“As a representative for the students I hope to provide them and the Board of Trustees with needed information to help advance the mission of the college,” he said, adding, “It’s going to be very hard to leave here.” Mr. Boweden is a General Studies major who plans to transfer to a four-year college when he graduates QCC and major in international law.

“Anonymous Tip, or Not to Anonymous Tip”
Deputy Chief Reynaldo Rodriguez

Witnessing a crime or being a victim doesn't automatically mean you want to share that information. You might think it isn’t worth the time or effort on your part or even the part of others. However, ignoring the crime may not be the best thing for you personally. There was a murder that occurred in the 1960s where almost 40 people heard the victim scream for help and not one reported it. Guilt and shame was something they all felt after getting more details when it was too late. Many did not want to get involved. Many thought someone else would handle it.

There is a solution in today’s technology world with the ability to report a crime anonymously. There are benefits to it which should encourage you to report it. The only real drawback to anonymous reporting is that police may not be able to use you as a witness if a suspect is found.

In either case, you have the power to make a difference. At QCC, the police department has Text-A-Tip. This option along with the several surveillance cameras set up throughout the campus, has helped to keep the campus safe so that you can focus on your work.

QCC Police urges everyone to Say Something if you See Something. As a reminder an anonymous tip should not be used in an emergency when a rapid response is urgent.

Feel free to send an anonymous tip to Campus Police at 508-854-4221 or use the new anonymous tip line.
Two easy ways to send a tip: #1 Download the FREE App on your phone-Keyword "QCC Tip" or #2 Text “QCC” + (space) + your tip to 847411

PET ROCK FEST 2019 RETURNS!

Pet Rock Fest is pleased to announce that the 21st annual festival will return for the third year in a row to the field at Wyman-Gordon in North Grafton, which we are happy to now call "home."

This annual event will be held on Sunday, Sept. 8, 2019, from noon to 5 p.m. on the grounds of the Wyman-Gordon plant, 244 Worcester St., North Grafton. With a return to this centrally-located and expansive venue, the event is sure to expand in numerous ways, drawing more attendees and participants.

The event features all of the popular attractions, but will include additions to our offerings: from food to vendors to events to nonprofit participation. Pet Rock Fest continues to put the spotlight on the animal welfare organizations of New England that work hard to promote kindness to animals.

Located conveniently to the Mass. Pike, Route 30, Route 146 and Route 122, the venue is super accessible from points east, west, north and south. Also, the venue offers a large, grassy, fenced-in event area, and thousands of parking spaces right on the premises. It is ideal for both people and animals.

Since Pet Rock Fest lost its venue at Quinsigamond Community College four years ago, the organization had been searching for a site that is centrally located and easy to access, with plenty of onsite parking.

There is plenty of space, and beyond, to bring back all of our attractions, including K9 demos, an agility course, the Pups In The Air Frisbee dog team, live music, the Pet Parade, kids activities, Cat Photo Contest, Amateur Dog Contest, vegetarian vendors and our wonderful sponsors and animal welfare organizations. This year’s musical lineup includes Niki Luparelli and the Honey Badgers, Belit, Hit the Bus and Gov't Surplus.

Local nonprofit VegFest has formed a partnership with Pet Rock Fest to plan a “food court” as well as several of the vendors participating at the 21st annual Pet Rock Fest. Originally called VegWorcester, VegFest hosts New England Vegfest, a free annual festival that celebrates animal-friendly, environmentally sustainable, and healthy lifestyles. This nonprofit dedicated to animal lovers was an easy fit to complement the mission of the Pet Rock Festival.

“That day, walking among a sea of people (and animals) all there for one purpose - to make the world a kinder place for animals - is one of the most overwhelmingly comforting reminder that there is good in the world,” said Founding Partner Charlene Arsenault. “For that time, we are counteracting all of the cruelty we see day in and day out with an equal and opposite reaction. We’re so lucky and grateful to find this ideal setting for this miraculous effort to occur.”

“We are looking forward to beginning the next 20 years of Pet Rock Fest in 2019 at our best home ever, Wyman-Gordon field in North Grafton,” said Founding Partner Jeannie Hebert. “We have room to expand and offer even more assistance to animal welfare organizations.”

The Superhero Epidemic in Hollywood

Twenty Nineteen has been the year of superheroes: Captain Marvel, Avengers: Endgame, Spider-Man: Far From Home, X-Men: Dark Phoenix, Hellboy, and Alita: Battle Angel. There is no doubt that there has been a surplus of superhero movies this year.

With Avengers: Endgame recently passing to the #1 top-grossing movie of all time beating out James Cameron’s Avatar, the legitimacy of superheroes in pop culture has definitely gained some traction. With the amount of technology available at our fingertips, movie-goers no longer want to see movies that are small-scale stories. For example, Quentin Tarantino’s Once Upon a Time in Hollywood came out recently, it had a $90 million budget, and only grossed $100 million. That would’ve worked back in the 1990’s alongside Titanic, back when people cared about story-telling a lot more, but these movies are barely surviving Hollywood now. It’s all about CGI nowadays, and special effects accompanied with huge explosions, or epic fight scenes. It’s also the newer generations growing up watching movies such as Avengers, and falling in love with it.

The demand for action-packed and save the day type movies are on the rise. Directors are going to have to answer to the demand if they want to see success in Hollywood.

With the amount of technology available at our fingertips, movie-goers no longer want to see movies that are small-scale stories. For example, Quentin Tarantino’s Once Upon a Time in Hollywood came out recently, it had a $90 million budget, and only grossed $100 million. That would’ve worked back in the 1990’s alongside Titanic, back when people cared about story-telling a lot more, but these movies are barely surviving Hollywood now. It’s all about CGI nowadays, and special effects accompanied with huge explosions, or epic fight scenes. It’s also the newer generations growing up watching movies such as Avengers, and falling in love with it.

The demand for action-packed and save the day type movies are on the rise. Directors are going to have to answer to the demand if they want to see success in Hollywood.
Academic Advising

What is Academic Advising?
Academic Advising is an opportunity to exchange information with an Advisor to help you successfully navigate QCC, our policies, systems and resources all in an effort to help you reach your educational and career goals. In short, if you have a question, we are either prepared to answer it or prepared to refer you to someone who can!

How can an Academic Advisor help me?
Academic Advisors can help you better understand QCC’s policies, understand your options, determine resources, and help you with “next steps.” We can review what courses are required for your program, assist you with planning out your next classes and upcoming semesters, and even help you determine your estimated graduation date. We can also address any academic concerns you might have and help you determine the best course of action.

What happens during an Advising session?
Depending on what your questions are and where you are in the college process, an Advisor can help you:
• Understand your placement test scores
• Develop an Academic Plan to stay on track and achieve success.
• Map out program and course requirements.
• Prepare for self-registration or register you for courses.
• Find useful resources and information.

How can I prepare for my Advising session?
• Review QCC’s Areas of Study and Majors at www.qcc.edu/academics.
• Run your DEGREE AUDIT on The Q and review the courses required for your program.
• Review Course Offerings and Schedule on The Q for the upcoming semester to help plan your schedule.
• Research careers related to your program of study.
• Make a list of questions.

Registrar

Key dates and deadlines for Fall Semester:
• Add/Drop period ends Wednesday September 11. This is the last day you can add/drop a course for the Fall semester. After this date you may not add another course. The last day to add/drop for the Fall 2 semester is November 4.

• Withdrawal period begins September 12 through November 15. To withdraw from a class, your instructor or your academic advisor must sign the Withdrawal form. After November 15, your professor may grant you the grade of W, but you are no longer entitled to that grade. Your instructor may assign the grade of F. If you are considering withdrawing from a course and receive financial aid, talk to the Financial Aid Office to find out if your package will change due to the withdraw.

• Monday October 14 is Columbus Day, No Classes will be held that day.

• Progress grades are due Wednesday October 30. Log onto The Q to view your mid-semester grade. If you are receiving a failing grade talk to your instructor or academic advisor to see if a course withdraw is an option you should consider.

• VIP Registration is November 4-18 for returning students. You have seniority over all new students. Don’t wait to register for Intersession or the Spring 2020 semester.

• Monday November 11 is Veteran’s Day, No Classes will be held that day.

• Last day to change to or from an AUDIT is Friday November 15

• Thanksgiving Recess is Thursday November 28 – Sunday December 1, there are no classes during that period.

• Final Week of Classes December 11-17, during the final week of classes there is a modified class schedule. Check The Q for the Fall 2019 Final Exam schedule or ask your instructor for a detailed class syllabus. Final grades are due on The Q 48 hours after the last class/exam.

Did you know?
If you can’t make it to campus or stopping by the Registrar’s Office is inconvenient to your schedule you can find many of the Registrar’s Office forms on The Q. Go to Student Services and then Registrar. You’ll see Registrar Documents on the lower right of the page which includes copies of the following forms: Change of Personal Information, Course Withdrawal, Immunization, Intent to Graduate, Student Petition and many more! Just print, complete the form, scan and email or fax to the Registrar’s Office. All our contact information is listed on our page.

Need To Know
Rm 258A
508.854.2721
Welcome to QCC’s office of Disability Services (DS).

Our mission is to ensure an equitable and accessible college experience for all students at QCC. Disability Services assists students with documented disabilities by coordinating supports and services in order to give students equal access to the college environment.

Q: What is the role of Disability Services

Disability Services is committed to providing reasonable accommodations to qualified individuals with disabilities in accordance with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act of 1990 and the ADA Amendments Act of 2008. Accommodations and services available through Disability Services include and are not limited to the following areas: course content, digital environment, campus terrain, and support services.

Q: What does Disability Services do specifically for students?

The staff meets with students to determine the accommodations needed to provide access to the classroom or curriculum each semester. These may change depending on the nature of the course and the way it is taught. If additional barriers come up during the semester, DS staff and student may meet to problem-solve and discuss alternate ways of demonstrating knowledge and course competencies. DS staff work to ensure that accommodations provide access and are effective for each individual with a disability, based on the documentation provided to Disability Services.

Q: I am new to QCC and just learned about your office – what should I do?

Stop by the Worcester or Southbridge office, call, or email Disability Services to get started. New students are encouraged to make an intake appointment with Disability Services as soon as possible before the semester begins. We recommend you make an appointment as soon as you are accepted to QCC, or register for classes.

Q: I used Disability Services in the past, but haven’t for the last few semesters. Can I still see my Coordinator?

Sure! Please don’t hesitate to drop by the office or send an email! There is always something new for us to share with you, and we would like to stay abreast of all your courses for this semester.

Q: Can I volunteer to work with Disability Services?

Yes! If you are looking for a way to get involved on campus and meet new people please let us know. We offer many opportunities throughout the year to positively promote access, ability awareness, support campus events, meet socially and so much more! To learn more contact Kristie Proctor at kproctor@qcc.mass.edu. ALL ARE WELCOME!

On behalf of the Disability Services Staff, we look forward to working with you!

Alden Library

Welcome to QCC and the George I. Alden Library - Set in the Heart of the Campus!

We are on the third floor of the Harrington Learning Center – steps from your West Boylston St. classes, and also serving your needs at the campuses in Downtown Worcester and in Southbridge. The Downtown library – focused on Health Sciences - is in room 121D.

A true 21st century facility, Alden Library offers wireless access throughout. Our trove of electronic research sources can be accessed on your own device(s), or on a laptop we will lend you for two-hour stretches.

What’s your entry point to all our resources? Our Discovery Platform on our home page, www.qcc.mass.edu, to get you started with just a few clicks, accessing our databases, e-books and Catalog at one go.

Our large print collection has been crafted over the years in collaboration with QCC Faculty. The collection supports courses across QCC’s curriculum.

We have a small browsing collection of popular magazine to relax with, and a real mind-boggling offering of online journals. From the Washington Post to cutting-edge medical journals, you have 24/7 online access to news, analysis and research.

And if the professor specifies that ever spooky "MLA Style" or "APA Style," don’t freak out. You’ll be pleased to know almost all our online sources generate your specified style with one or two clicks.

Group projects, you’ll find, are emphasized at QCC. The Library’s private study rooms of various sizes let you and classmates discuss projects and sketch your ideas on whiteboards, then capture them on your phone for sharing.

For a study break, take out a hit movie such as 20 Feet from Stardom on DVD. Or get outside with our loaner telescope - in your backyard, or better yet, on some high ground away from city lights, perhaps mount Wachusett.

How to get research help? Ask a Reference Librarian at the desk on the third floor, call us, or use e-mail or online chat over our home page, www.qcc.mass.edu/library. The Reference Team are your information Specialists.

The General Academic Areas (GAA) Tutoring Center is a tutoring and student resource center that offers appointment-based tutoring for a variety of academic subjects. We promote active, collaborative learning, where students can work with a tutor in either one-on-one or small group sessions to help clarify course concepts and build study skills to foster independent learning. All of the GAA services and resources are available to any QCC student currently enrolled in credit-bearing in-person or online QCC courses.

Tutoring Services
At the GAA, you can work one-on-one or in small groups with a tutor to help clarify course concepts and talk you through problem areas. You can also build your study skills in your tutoring sessions by discussing with a tutor how to better approach and manage your coursework.

How to Sign Up for Tutoring
All tutoring in the GAA is made by appointment only. Tutoring appointments can be made in either half-hour or one hour increments and are limited to a total of two hours per week per course. Visit the GAA website for the most current information on tutoring schedules, subjects offered, hours available, and how to schedule appointments.

Other Resources
The GAA also offers free workshops during the fall and spring semesters covering a variety of subject-specific topics. A series of Academic Skills Workshops, sponsored by all three QCC Tutoring Centers, are also offered during the fall and spring semesters. Visit the GAA website for a list of all current workshops offered. The GAA also offers computers that are equipped with the most current academic software to be utilized during tutoring sessions.

Commonwealth Honors Program
If you are academically motivated, and would like to be in classes with other motivated students, if you are planning on transferring to a 4-year college or university and would like to have more options for scholarships, consider joining the state-wide Commonwealth Honors Program. Your honors experience at QCC will be rewarding, challenging, and enjoyable.

Past Honors Program graduates have transferred to colleges such as Clark University, Wellesley College, Northeastern University, Worcester Polytechnic Institute, and the University of Massachusetts to name just a few. Many transferring honors students have received significant scholarship awards as well. Two of our May 2012 Commonwealth Honors Program graduates received $57,000 and $90,000 scholarships respectively to Cornell University, a May 2013 graduate was awarded the Foster Furcolo scholarship to UMass Boston which covers all tuition and fees, two May 2014 CHP graduates were recently given full rides to Smith College, and several QCC graduates were awarded honors-to-honors scholarships to UMass Amherst this year.

Whether you are enrolled as a full-time or part-time student, the Commonwealth Honors Program will provide you with an opportunity for enhanced success, both in your future studies and beyond.

QCC’s Honors Program has been approved by the Massachusetts Department of Higher Education. Interested students can take one, two, three, or all four of the Honors Program class requirements (over the course of your time here at QCC). Benefits include smaller class sizes, a more participatory class structure, scholarship opportunities, and recognition at graduation—and on official college transcript—as a Commonwealth Honors Scholar, as well as guaranteed admission to any honors program or college in the Massachusetts State College or University system. I encourage you to e-mail me to set up an appointment to learn more about this exciting opportunity and to register for classes. Please contact Susan McPherson, Honors Program Coordinator, in office 357A, at 508-854-2759, or email smcpherson@qcc.mass.edu.

QCC Mentoring
Making Connections, Building Community

When you receive a QCC Mentor, you will gain a trusted guide, a personal and professional resource, a connection to the professional world, and a friend.

By participating in the QCC Mentoring program, you will learn ways to raise your GPA, while building connections in the career path of your choice. This is a chance to build your personal and professional network and develop lifelong skills that you can take with you wherever you go.

Mentees will receive training, guidance, resources, and support throughout the program.

QCC Mentoring:

- Builds self-confidence and self-esteem
- Provides motivation
- Delivers vital college/work/life strategies
- Offers support and experience in public speaking/presentations
- Enables students to grow to their full potential

To learn more, please email mentoring@qcc.mass.edu, call 508.854.4573, visit 120A in the Administration Building, or go to www.QCC.edu/mentoring
If a fire occurs in your area, pull the fire alarm immediately and evacuate the area, remembering to assist people with special needs and to account for all persons in the area. If the fire is small enough to extinguish, do so with a fire extinguisher and disconnect any electrical devices involved in the fire if safe to do so.

If the fire is beyond control with an extinguisher, evacuate immediately and activate a fire alarm pull station. Call 4444 immediately from a safe location.

- Remember the rules of evacuation: Exit directly outside the building, if possible. Close doors behind you. Do not go deeper into the building unless forced to do so by flames. Never return to the building once outside until told to do so by the appropriate personnel.
- If you should become trapped inside a building by smoke or fire, DO NOT PANIC. Do not open any door until you feel it to make sure it is not hot. If it is hot, there is fire on the other side. Crawl or stay as low as possible as you move through the building. Because heat from a fire and smoke both rise, the air close to the floor is cooler and less dense with smoke. Breathe shallowly through your nose and use clothing, such as a shirt or sweater, as a filter.
- If you are forced to advance through flames, hold your breath, move quickly, cover your head and hair, and keep your head down and your eyes closed as much as possible. If possible, use a cell phone to call 9-1-1 or Campus Police to advise them of your location and condition so that rescue personnel can be directed to you. Do not open or break a window unless it provides you an immediate avenue of escape as oxygen will only feed the fire and lessen your chances of survival. Remember: Panic is as lethal as the fire. REMAIN CALM.

### Be Prepared...

- Emergencies, accidents, injuries and other unexpected events can occur at any time and in any place. Being prepared both mentally and physically for the unexpected is the first and best defense to minimize an incident.
- Familiarize yourself with your surroundings.
- Know the locations of all exits from your area or building in case fire or debris should block one.
- Know the location of fire alarm pull stations.
- Know the location of fire extinguishers and first-aid cabinets.
- Know the conditions of your location and the route to the nearest exit.
- Be aware of what is going on around you.
- Lock your car and conceal valuable items. Never leave personal property unattended.

### “See Something - Say Something”
