- Overview of health programs
- How to apply
- Outcomes & enrollment options
- What is 'High-Demand'?
- Advising for health careers
- **Careers**
- Next steps

# Degree & Certificate Programs

**QUINSIGAMOND**  
Community College

# For All Applicants:

- Must have a high school diploma or GED.
- “HS” below means High School, indicating a course taken in high school. GPA based on a 4.0 scale.
- Science courses must be taken within five years of application to the program. Required grade must be earned within two attempts of taking and completing the course.
- College Placement Test may be required to determine Math and English levels if no college level courses were previously completed. Call 508-854-4308 or go to [www.qcc.edu/advising.htm](http://www.qcc.edu/advising.htm) to arrange a testing time.
- Required TEAS/HOBET scores must be achieved within 3 attempts of taking the test (unless otherwise stated).
- Required TEAS/HOBET scores must be earned within 5 years of application to the program.
- (Most) Must attend/complete a Health Careers Session.
- “Composite” score must be in one test (cannot be a combination of multiple tests).
- Placement into College Level Mathematics: Place into MAT099, Pass MAT095 or any College level Math class with a C or better.

# NURSING PROGRAMS

## Licensed Practical Nurse (LPN)

### Certificates:

- Practical Nursing day (46 credits)
- Practical Nursing Evening (46 credits)

## Registered Nurse (RN)

### Associate Degrees:

- Nurse Education day (71 credits)
- Nurse Education Evening (71 credits)
- Advanced placement Nursing – LPN (64 credits)
- Advanced placement Nursing – Paramedic (65 credits)

# Practical Nursing Day

Certificate (46 credits)

Program Code: LP

## Program Admissions Requirements:

- Health Info Session or completed FYE 102 with a C grade or higher
- TEAS: 55% composite (no more than 3 attempts within a 3 year period)
- TEAS: 51%-54% composite (no more than 3 attempts with a 3 year period) with appropriate BIO & GPA as follows:

TEAS score	Overall BIO course grade (4 credit minimum)		Overall college GPA (15 credit minimum)
54%	2.7	<u>OR</u>	2.7
53%	2.8		2.8
52%	2.9		2.9
51%	3.0		3.0

*All Courses/GPA evaluated must be taken at QCC*

## Need to complete Program Admissions Requirements for LP?

- You can start by applying to Healthcare Pre-Nursing program.

**QUINSIGAMOND**  
Community College

## Allied Dental Services - Dental Sales/Marketing Option Associate in Science

This program prepares graduates to work as sales representatives or product managers for a dental products company. For individuals who are outgoing, enjoy meeting people, and like to travel, this option will provide them with the professional skills they need to be successful in marketing or sales.

### Graduates will be able to:

- Obtain entry-level employment as an integral member of the dental sales team after graduation
- Demonstrate and market specific products to dental professionals
- Communicate effectively in the dental sales field
- Demonstrate the knowledge, skills and tools necessary to be a successful sales professional

# Qualify

- Apply online at qcc.edu
- Evidence of high school completion
- Placement test or prior college credit
- Health Careers Information Session
- TEAS (Test of Essential Academic Skills)
- Additional requirements depend on program\*

\*Immunizations

**QUINSIGAMOND**  
Community College

 **COLLEGE.**  
MADE **SMARTER.**

# Test of Essential Academic Skills [TEAS TEST]

- Four-part, web-based, supervised assessment
- Subtests:
  - Reading, Mathematics, Science, English language
- Requirement for healthcare programs
- **Scheduling Test**
- Practice and Preparation:
- <https://www.qcc.edu/center-workforce-development-and-continuing-education>

# Immunizations

- Physical exam within 12 months of program start date
- Tdap- One time dose within the last 10 years
- Flu vaccine for the current Flu season
- Tuberculin Skin Test ( 2-Step TST ) 2 tests done within 12 months of the program start date, the 2<sup>nd</sup> test must be done within 6 months of the program start date. Health students with a history of having positive Tuberculin Skin Test, must provide Chest X-Ray results done within 12 months of program start date
- Varicella- #1
- Varicella- #2 or results of a positive Varicella titer\*
- MMR- #1
- MMR- #2 or positive Measles, Mumps and Rubella titers\*
- Hepatitis B vaccination series
- Hepatitis B Antibody Titer\*– test results must demonstrate immunity

\* Titer is a blood test that will show if you are immune or non-immune to a particular disease.

# Immunizations cont.

- Each Health Program has a specific deadline date for health information. Students will be notified of this date prior to the start of the program. Health Program health information is in addition to what the student has previously submitted to the Registrar's Office.
- In addition, students are required to demonstrate current CPR certification (Healthcare Provider level, online CPR certification is not accepted) and Health Insurance coverage.
- No student will be allowed to begin the clinical component of any health program until proof has been received that all immunization requirements have been completed.

# “What is High-Demand?”

**QUINSIGAMOND**  
Community College

 **COLLEGE.**  
MADE **SMARTER.**

# “High-Demand” Definition

High Demand means that we have more qualified students than we have seats available in a particular program within an academic year.

To be fair to all students in our community that want to train for these careers, our college use a criteria based method to determine acceptance to program. This means that the coordinators of the programs establish both academic and testing criteria for their program admissions requirements.

- Each application will be reviewed and evaluated based on the program admissions requirements. If the applicant meets the program admissions requirements, the Admissions Office will provide you a written letter confirming your start term (Fall, Spring or Summer term).
- If applicants do not meet the program admissions requirements yet, you can still start college by applying to the Healthcare program or other program options. Please speak to admissions counselors or see an academic advisors for program options.
- If applicants are put on the waitlist, we recommend that you start taking the general education courses that are part of your degree choice. Speak to or see Academic Advisor from the Advising Center for further program assistance.

***It is best to think of this as a 3 step process:***

- 1. Qualify (and be placed in program or on waitlist). You will receive a letter from the Admissions Office of your start term (Fall, Spring or Summer term).*
- 2. Take general education classes that are part of your program while on waitlist.*
- 3. Move from Waitlist status to Accepted status and attend professional classes/clinical portion of program training.*

**QUINSIGAMOND**  
Community College

 **COLLEGE.**  
MADE **SMARTER.**

# Application Outcomes

You could be placed into one of the following Admissions criteria once the application evaluation take place:

- Qualification and placement on a waitlist
- Qualification and acceptance to the program
- Acceptance to non-waitlisted program AND qualification and placement on a waitlist
- Non-qualification:
  - Acceptance to Health Care
  - Referral to Advising Center

**QUINSIGAMOND**

MADE **SMARTER.**

# CORI/SORI/National Background Check/Drug testing

CORI/SORI/National Background Check/Drug testing is required prior to any clinical placement. A positive in any of these areas may prevent you from participating in a clinical/field rotation.

If you are unable to participate in a clinical/field rotation you will be unable to complete the health program. Details will be explained at your program orientation. Contact Pat Schmohl, Dean of Healthcare, if you have questions: [pschmohl@qcc.mass.edu](mailto:pschmohl@qcc.mass.edu) or 508-854-7942.

**QUINSIGAMOND**  
Community College

## Please be advised of the following:

- It is important that you complete all necessary immunizations as soon as possible because some immunizations, such as Hepatitis B vaccination series, requires a minimum of six months to complete from start to finish.
- If an accepted student has not completed all immunizations at the time he/she is scheduled to begin, they will be withdrawn from the program. Students will need to re-apply to the health program for acceptance to the next available space.
