

Real-Cost of a QCC to AU Pathway

Automatic Acceptance

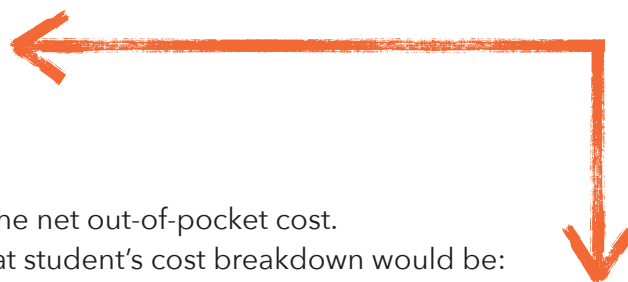

QCC students who have earned at least 24 credits and have a QCC transcript cumulative GPA of 2.7 or above earn an automatic acceptance.*

QCC GPA	Assumption University Net Tuition
3.5 and above (Tier 1)	\$16,000
3.0-3.49 (Tier 2)	\$18,000
Less than 3.0 (Tier 3)	\$20,000

Tiered Net Cost

Students are presented a tiered net cost for which they qualify based on completing a minimum of 24 credits at QCC.

All types of institutional aid has been factored into the lower tuition costs for QCC students. No additional Assumption aid will be available.

Students are required to file a FAFSA

Federal and MA State Aid are applied to further reduce the net out-of-pocket cost. If that student is maximum Pell eligibility (SAI -\$1,500) that student's cost breakdown would be:

Example Net Price Calculator	Tier 1	Tier 2	Tier 3
Partnership Tuition based on top-tier GPA	\$16,000	\$18,000	\$20,000
Federal Pell Grant	\$7,395	\$7,395	\$7,395
MassGrant	\$3,000	\$3,000	\$3,000
Federal SEOG	\$1,000	\$1,000	\$1,000
Total Gift Aid	\$11,395	\$11,395	\$11,395
Estimated Net Cost	\$4,605	\$6,605	\$8,605
Federal Direct Loans	\$5,500	\$5,500	\$5,500
Total Aid	\$16,895	\$16,895	\$16,895
Estimated Balance Due	(\$895)	\$1,105	\$3,105

This is for example purposes only. Students who have different Federal and State grant eligibility will have a different estimated net cost and estimated balance due. However, essentially, a student with a GPA of 3.5 or higher with maximum need could be eligible for a credit balance of \$895 if they take the standard \$5,500 Federal direct subsidized and unsubsidized loans. We can build other examples for students with other need levels.

*Nursing students are not eligible for automatic acceptance. Please contact Assumption's Office of Admissions for details about the requirements for acceptance into the Froelich School of Nursing.
